EXPERIENCE

Full Stack Developer

RedFlower Design

July 2024 – Ongoing

Remote

- Developed and deployed full-stack features by crafting dynamic frontend components.
- Implemented secure OTP and Google authentication flows with Appwrite, enabling faster user onboarding and reducing login friction.
- Debugged, tested, and enhanced core prototype features, ensuring higher reliability and smoother functionality before release.
- Collaborated closely with teammates to refine technical requirements and translate them into efficient and maintainable solutions.

React Native Developer

Xetech Solutions Ltd

6 Months

Noida

- Developed static pages and integrated APIs to improve mobile app functionality as a React Native Trainee.
- Implemented translations using i18n library and JSON, enhancing user experience.
- Gained practical experience in mobile development and API integration.

PROJECTS

Turftally (Partners & Players)

- It is a platform designed to make sports more accessible and enjoyable.
- Built Web and Expo mobile applications, it utilizes the Appwrite and Google APIs for back-end support. Firebase messaging is also integrated to provide notifications.
- Tech stack : Next Js, React Native, TypeScript

Mern-Auth

- Built a secure MERN authentication system with email verification, password reset, and JWT-based stateless session management.
- Implemented route protection and stored user credentials & verification metadata securely in MongoDB.
- Tech stack : Javascript(Node Js), React, MongoDB

Text Manipulation Site

- Developed a ReactJS web app for text manipulation, analysis, and speech synthesis, showcasing front-end expertise.
- Tech stack : React, Context API, Typescript

EDUCATION

B.Tech. in Computer Science and Engineering

M.G.M College of Engineering & Technology, Noida

Aug 2018 – July 2022

Intermediate 12th

Plato Public School, New Delhi

April 2017 – March 2018

TECHNICAL SKILLS

Programming :

- JavaScript
- TypeScript
- C++
- DSA

Frameworks & Libraries :

- Next Js
- React Js
- React Native
- Express Js
- Tailwind CSS
- Bootstrap
- HTML

Databases & Backend :

- MongoDB
- Appwrite
- NoSQL
- Node Js

Tools and AI :

- Git
- GitHub
- Postman
- Copilot
- ChatGPT
